Boarding and alighting close to the centre

Maastricht is easily accessible for coaches. There is a special boarding and alighting coach stop in the city centre on the Maasboulevard and Frontensingel (see ① ②). Coaches are permitted to wait here for 30 minutes while setting down or picking up passengers. Only passengers are allowed to board and disembark at regular bus stops. These stops may not be used for more than five minutes, provided that there are no delays or problems with regular public transport.

Parking spaces for coaches

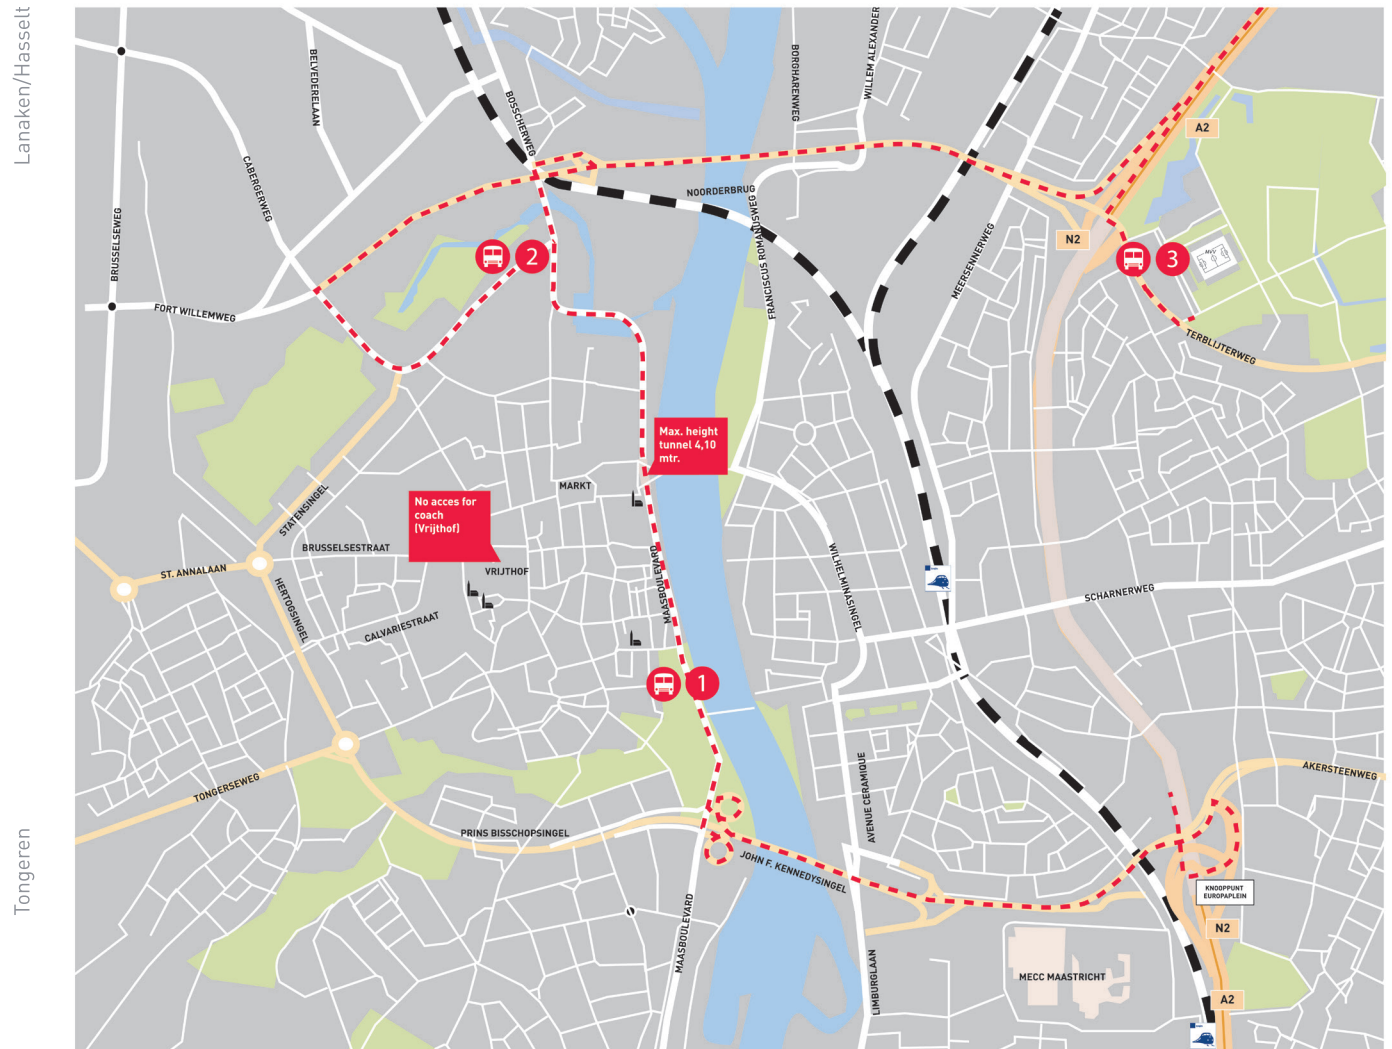

Once passengers have alighted, there is one option for coach parking at Geusselt Stadium (see ③). At this parking are food outlets and restaurants located.
